

Health & Safety **in Employment**

Our policy is to ensure that the best known practices are used to provide a safe and healthy workplace for staff and visitors alike.

This will be achieved by ensuring that:

- Staff report immediately to management upon identification of any safety or health hazard that exists or potentially exists in the workplace.
- Management take immediate action to prevent or remove any hazard so identified.
- This policy together with Caravel's OHS System is regularly reviewed with managers and staff, and updated as necessary.
